

START
GLOBAL

FINANCE & LEGAL

The Finance and Legal team is an essential department that ensures the financial security of START. You will be responsible for financial accounting (using professional accounting software) and controlling, as well as for our bank accounts, payment flow and organization of the budget within START Global.

You are also the first point of reference for legal questions arising in the due course of business and will have a direct line to a legal firm for more in-depth issues. Additionally you will work closely with the Partnerships team to create contracts of various sizes and magnitudes.

Your Mission and Tasks

- Accounting, controlling and budgeting
- Contact with commercial register and Federal Tax Administration
- Working out contracts with our corporate partners
- Legal advisory of START Global

Your Benefits

Get a first-hand look as CFO into the inner financial workings of Europe's largest student-run conference. Learn how to carefully and precisely prepare budgets, financial statements and controlling matrixes. Support the team with legal expertise and watch the implementation of your efforts in the organization.
